DETAILED ACTION

Allowable Subject Matter

1. Claims 9-15 are allowed.
2. The following is an examiner's statement of reasons for allowance: the apparatus for closely controlling the temperature of perishable goods in a mobile container having a refrigeration unit for delivering conditioned air into a mixing chamber located adjacent the front wall of the container of independent claim 9 defines over the prior art of record since the prior art does not teach, suggest, nor render obvious a control means for activating a gas generator at the beginning of a ripening cycle and for automatically deactivating the gas generator at the end of the ripening cycle; and a control means for determining when the gas generator is deactivated and responsively and automatically placing a fresh air exchanger unit in an open condition for a given period of time to vent the ripening agent from the container and automatically closing the fresh air exchanger when the ripening agent has been vented to ambient.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
